

## Master Certified Intrinsic Coach (MCIC)

### Certification Steps

1. Advanced Coaching Mastery Program
2. Three 1-Hour, One-to-One Mentoring Sessions
3. Advanced Mastery Coaching Log
4. Advanced Practical Skills Assessment

### Descriptions

1. Advanced Coaching Mastery Program
  - Over a 25-week time frame, participate in live, interactive, skill and application focused 2-hour group sessions with your Coach Mentor. Week by week, work together on gaining advanced mastery of 19 coaching competencies.
  - Weekly sessions are recorded for those whose schedule does not support live participation or who want to catch up from a missed session.
  - Week by week, expect to see yourself developing the skills for making quality coaching choices, appraising the value of one coaching choice over another, and engaging a person in discovering their best thinking about themselves and the world around them, while integrating information and expertise as appropriate.
2. Three 1-Hour, One-to-One Mentoring Sessions
  - While participating in the weekly sessions, schedule three, 1-1 meetings with your Coach Mentor to review your development goals.
3. Advanced Mastery Coaching Log
  - Log your engagement in 20 coaching conversations that occur outside of the weekly sessions and identify your learnings. Up to ten conversations in which you were the client can be applied to the 20 total.
4. Advanced Practical Skills Assessment
  - Scheduled to occur after completion of steps #1 - #3 above, this last step before certification is your fourth 1-1 meeting with your coach mentor, during which time you will coach your coach mentor and, afterwards, get written feedback on your coaching.

### **A few additional details**

- You can choose up to a 6-month payment plan
- You can get up to 50 CE, depending on your credential
- You can get credit for a live session by listening to an audio recording and submitting a brief learning survey
